

100 BEST COMMUNITIES

Arkansas

Little Rock, AR

Little Rock is one of the *100 Best Communities for Young People*, in part, because of the Little Rock School District's (LRSD) support of its Volunteers in the Public Schools (ViPS) program. This program forges relationships directly between the neighborhood schools and the community-based and business-oriented volunteer population. Its annual event, ViPS Reading Day, involves more than 670 adults that volunteer to read stories in every classroom, reaching more than 13,000 students with adult readers.
